

Welcome

Our commitment is in making your life easier. With our passion for our practice, we find ways to help you recover faster, remain at home, and get the treatment of your choice at a time that you choose.

APLUS HEALTH CARE, LLC combines the benefits of talented care providers and the benefits of modern health care approaches. Patients no longer have to endure lengthy hospitalization. Instead, they can enjoy the comforts of home while receiving the treatment they need to maintain health. Staying at home means being able to customize the care services we provide to you. This makes home health care services a preferred choice especially for patients who are homebound.

We anticipate your needs. Being in this industry for many years, we have been exposed to various health conditions and different set of care requirements. We are ready to meet you! Begin services soon.

Passion in Healthcare Practice

About Us

As a Home Health Care Company

We are a privately-owned home health services agency offering adults in their homes a chance to remain in their residences and still get the care they need from a health professional. With the guidance of your private physician, we can design a care plan which will effectively preserve your health and safety at home. We encourage good health, speed up recovery and give you the option to stay at home where relaxation is guaranteed.

As a Member of our Community

We want to be a significant contributor to the community. Serving our clients in their homes is a start. We embrace our responsibility to give patients a lifestyle that they can still find comfort with given that they are in the familiar environment of your home. At **APLUS HEALTH CARE, LLC**, state-approved home health care services are provided by trained medical professionals – nurses, therapists and home health aides. As part of the community, this is our gift – Our Passion. We care for you because we share the same community and we work to make it a better place to exist in.

As your Family

A care professional from our office may visit you on an hourly, daily or weekly basis. However, with each visit, we will get to know you more and be a part of your health maintenance. With that, we hope to make a positive difference in your life at home just like family does. You become part of the Aplus family.

Our Services

APLUS HEALTH CARE, LLC offers a wide range of services primarily to the adult who needs care in the home setting. Under the direction of the case manager, the Home Care team helps patients, families and caregivers manage acute illness, disability or long-term recovery needs. Patients, families and caregivers are encouraged to participate in planning and learning their care.

Here are the home health care programs offered by our agency:

- **Skilled Nursing**
- **Home Health Aide**
- **Physical Therapy**
- **Speech Therapy**
- **Occupational Therapy**

You don't have to go through your recovery, illness and old age alone at the hospital or in a care facility. You can spend it at home. Be with your family. You can be with us.

Employees-in-Service

You may ask how we choose our care professionals. We have just the answer.

The applicant screening process at **APLUS HEALTH CARE, LLC** is a product of years of experience. Today, we have found an efficient way to spot the most qualified candidates from the crowd. All applicants go through:

- Initial Evaluation
- Sorting for Health Care Specialty and Level of Training
- Interviews
- Skills Assessment
- Background Checking
- Driving Records Checking
- Final Interview
- Panel/Hiring Staff Deliberation

We go through lengths to bring you the best care professionals in your home. You can meet them soon when you become one of our clients.
